Tools & Tech: MS Excel, MS Word, MS PowerPoint, SPSS, Power BI, Python, SQL / MySQL, HTML5, CSS3, JavaScript, Web Design

AI & Creative: AI Tools, Prompt Engineering, Generative AI, Canva, Video Editing, Photo Editing

Domain: GST, Invoicing, Logistics Data, Data Analysis

Soft Skills: Teamwork, Time Management, Leadership, Communication

PROJECTS

ShipVertex Hub - Logistics & Shipment Analytics Dashboard

Web app | Live demo on portfolio

- Tracks shipments by route, billable weight, distance, charge and SLA target, with live status (In Transit / Delivered / Pending / Cancelled).
- KPIs: total shipments, on-time rate, revenue, estimated profit and CO_2 footprint, with charts for status, top origin hubs and revenue vs cost.
- Search and filters, bulk status update, Excel import, CSV / Excel / PDF export, labels, invoices, multi-currency and an AI chatbot.

Zentaxic - GST & Invoicing Suite

Web app | zentaxic2.vercel.app

- Generates GST tax invoices as PDF with item-wise GST rates, discount, subtotal, tax and grand total calculated automatically.
- Client ledger, saved client profiles, GSTIN fields, UPI dynamic QR for payment and JSON / CSV / Excel backup and import.

Personal Portfolio Website

mohamedrafiqm3-max.github.io/Rafiq-s-Portfolio-/

- Responsive site (HTML, CSS, JS) showcasing resume, expense tracker app, Excel enrolment dashboard, content calendar and internship report.

EXPERIENCE

Data Analysis Intern - Lotus Shipping Company, Chennai

May 2026 | 15 days | Logistics & Operations

- Worked with logistics and operations data to organise, clean and analyse records using Excel.
- Prepared findings and summarised them in an internship report (available on portfolio).
